

Notice of Finding of No Significant Impact
For the Villa Grande Domestic Water Improvement District
Nitrate Treatment System
Published on October 17, 2019 in the Casa Grande Dispatch

The Water Infrastructure Finance Authority of Arizona (WIFA) has received a request for financial assistance from Villa Grande Domestic Water Improvement District (DWID) for a Drinking Water infrastructure project. The purpose of this notice is to inform the public and request comments.

WIFA staff analysis concluded that the following project neither individually nor cumulatively has a significant effect on the human environment. Therefore, the following project qualifies for a Finding of No Significant Impact (FONSI).

Villa Grande DWID proposes to install a skid-mounted ion exchange treatment process and associated evaporation pond to its existing distribution system. The system is located approximately 5 miles north east of Eloy, Arizona, in Pinal County, and provides potable water service to approximately 300 people.

Documentation regarding the proposed project is available for review at WIFA, 100 N. 15th Avenue, Suite 103, Phoenix, Arizona 85007. All written requests for information or letters containing written comments should be addressed to WIFA at the address above. All written comments must be received no later than 5 p.m., 30 days from the publishing date.

WIFA complies with the Americans with Disabilities Act of 1990. Alternative formats for the project documentation are available upon request. Inquiries, requests and comments should be directed to Richard Mendolia, Environmental Program Supervisor, at (602) 364-1321.
